Experience

UX Researcher @ Radien

Seattle, WA | Jul - Aug 2024

- Worked closely with three other students and our project sponsor, Radien, a startup that aims to bridge the gap between designers and developers by improving communication, efficiency, and organization in work and handoff between teams
- Conducted interviews with front-end developers and project managers to identify pain points in their work and gather insights for solution development
- Led the ideation phase of the project, managing and contributing to the generation of 20+ low-fidelity prototypes of potential solutions
- Developed a comprehensive, high-fidelity prototype using Figma, responding to user needs and the startup's goals for improved workflow efficiency

Data Analyst & Visualizer @ Aspire Institute

Remote | May 2024

- Analyzed email data and created comprehensive data visualizations in a group of four other students
- Provided insights and solutions on how to improve customer retention and engagement by leveraging various social media platforms

Assistant @ Kumon Learning Center

El Cerrito, CA | Jan 2020 - Oct 2022

- Guided students in learning foundational math and English concepts
- Worked primarily with early learners (ages three to six), two students per hour
- Regulated a quiet and organized center atmosphere

Main Stairs Designer @ Albany High School

Albany, CA | May 2022

- Created a 15-panel design for the school's main stairs that celebrated various highlights from the past school year, fostering unity and school pride
- Helped with the printing and installation of the vinyl design onto the stairs
